ABSTRACT

Pertinent statistics on education in New York State for 1989-90 and trends for earlier years are provided. Emphasis is on summary tables and figures, but details for separate school districts are provided in tables appearing in Appendix A (Tables 56 through 69). Information is reported for elementary schools and secondary schools, higher and professional education, libraries, and special programs. Unless otherwise specified, information was obtained from the New York State Information Center on Education. Elementary school and secondary school enrollment in 1989-90 continued a downward trend since 1987-88. Although numbers of students and graduates declined by roughly 50,000 over the period, revenues and expenditures for public schools increased somewhat. College enrollments and degrees conferred increased over the 3 years. The following chapters provide data in 55 tables: (1) statistical highlights of 1989-90; (2) public elementary and secondary schools, classrooms, and staff; (3) public elementary and secondary school students; (4) finances of public elementary and secondary schools; (5) non-public schools, enrollment, and staff; (6) colleges and universities; and (7) special services of the state education department. Appendix A contains an additional 15 tables, and Appendix B contains definitions of public school expenditure and revenue categories. (SLD)

[a] This table reflects applications and enrollment for associate and baccalaureate programs as well as unclassified status. Data for certificate and diploma programs are not included.

[b] "Unclassified" students are included with transfer students.

NOTE: Applications to CUNY institutions are received and processed on a university-wide basis through the University Application Processing Center. Applications accepted, as reported in this table, may reflect the students' first, second or third choice of institution. However, applications received reflect only the students' first choice. For example, a student who applies to a CUNY senior college, but is eligible only for a CUNY community college is counted at the senior college level for applications received, but at the community college level for applications accepted.

Applicants to CUNY institutions are not required to specify full- or part-time study at the time of application. Therefore, applications received and accepted, as reported in this table, reflect both full- and part-time data. However, applicants enrolled reflect full-time data only.

APPENDIX A

PUBLIC SCHOOL DETAIL TABLES

NOTE: 1. For 1989-90 it is possible, in some school districts, for approved operating expenditures to exceed total general and debt service fund expenditures. This is due to the effects of Chapter 53 of the Laws of 1990 which allow for changes in the accounting of Teacher Retirement System contributions.

For further explanation please contact the Department's Bureau of State Aided Programs.
